A STRONGER SHELF PRESENCE

We are proud to present our new visual identity. This update is the result of extensive work in which, just as our logo reflects, we have placed color and creativity at the center. The colors interact to create a clear and vibrant expression where each package stands strong on its own — while the overall impression on the shelf becomes even more attractive and sales-driven.

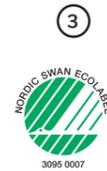

Our ambition is to spark creativity through sustainable, creative, and screen-free crafts that inspire children's imagination, focus, and sense of togetherness. We offer content-rich products at a good price, accessible to everyone.
